

Donations to the Queen's University Pooled Endowment Fund are critical to the long-term stability and growth of the University. Each donor-created fund becomes part of the University's Endowment, held in perpetuity. Queen's Endowment invests in a diversified portfolio of financial assets designed to maximize long-term risk-adjusted returns, provide stable annual payouts to support donor-specified priorities, and preserve purchasing power for future generations.

Queen's Endowment surpassed \$ billion last year and represents a legacy of invested donors whose contributions place Queen's among the top five university endowments in Canada. During the - fiscal year, Queen's Endowment provided more than \$ million to support scholarships, research chairs, and a diverse range of University programs aligned with our donors' intentions.

With the management of Queen's Endowment comes a responsibility that we take very

heights," Yalden says. "These professorships speak to a desire on the part of the Faculty, as well as its alumni and friends, to ensure that Queen's Law is an important contributor to dialogue and debate about pressing issues in corporate law and finance. It's more important than ever to have centres of excellence committed to thinking about an area of law that has a profound impact on significant parts of Canadian society and on our economic and social well-being."

This committee recommends the policy asset mix to the Board of Trustees and develops ancillary policies as necessary. Endowment funds are invested in a diversified portfolio of assets designed to maximize long-term risk-adjusted returns, provide stable annual payouts to support donor-specified priorities, and preserve purchasing power for future generations. Endowment assets are managed with a careful emphasis on risk management, as well as a long-term focus.

Assets of the fund are externally managed by professional investment managers across a range of geographies and investment strategies. The Investment Committee, through Investment Services, establishes investment mandates with each external investment manager pursuant to the Board-approved Statement of Investment Policies and Procedures.

The Department of Investment Services manages the day-to-day investment activities of the fund in accordance with approved policies. This includes measuring performance against objectives, rebalancing between external managers and asset classes, researching investment opportunities, and performing ongoing due diligence on selected and prospective managers.

Responsible Investing

The Queen's Endowment is managed in accordance with the Responsible Investing Policy as approved by the Board of Trustees. For more information on the University's policies as they relate to Endowment management, please visit <http://www.queensu.ca/investmentservices>.
