- o SDG Week events are currently happening – creating great conversations between faculty and students on their research.

- o Good feedback from Principal Deane – we are on the right track with OF.
- o
  constraints? Being sensitive to this consideration and the current university environment.
- o

- For keyword query, Marcus and Warren worked on a refined key words list – can use this for the analysis and mapping, as it was developed at Queen's with student and faculty.
- Could also use the pre-existing search terms in SciVal and Scopus – this is what is used for the SDG ranking(y)-1.6w

- Change of language from "establish" to "nurture."
- Conference/Seminar/Gathering –
