\*On the last business day of the month the Prime Rate (as determined by the Bank of Canada) is determined. To this rate 3% is added. The sum is divided by 12 to determine the monthly service charge rate that will be applied to outstanding balances.

The service charge is applied to tuition accounts on the 15th of each month, from October through December and from February through August.

**Note:** Service charges are not assessed in September and January.
